

*To our Fellow Water users, water related agencies, organizations & nonprofit groups:*

The Bureau of Reclamation's Central California Area Office (CCAO) cordially invites you to participate at our **Free Family Fun**

**Get WET (Water Education Today)** festival to be held on

**- Saturday, May 10, 2008, 10 am to 4 pm -**

at the American River Water Education Center (Center) located at Folsom Dam.

The purpose of the festival is to increase public awareness and appreciation for the water resources of the American River watershed and to encourage individuals to actively participate in water conservation.

Our objective is to offer a high-quality, outdoor, natural resource education event which is noncommercial, nonprofit and nonpolitically oriented. The event will be a blend of interesting and entertaining water conservation awareness and education programs including hands-on activities the whole family can enjoy. In addition, the various activities will offer steps one can personally take to protect, care for and use water wisely.

The event will take place rain or shine and electricity is limited. If you can provide your own easy up, table & chairs, please note on registration form. This will help keep event expenses down.

Please complete the attached exhibitor registration form and **return no later than March 21st.**

Please call the center (916) 989-7275 for any questions or additional information. We look forward to your participation.
